Professional Summary

Creative and detail-oriented Frontend Web Developer and UI/UX Designer with hands-on experience building visually appealing, user-friendly and responsive digital products. Passionate about creating seamless user experiences and bringing designs to life through clean and efficient code. Adept at collaborating with cross-functional teams and clients to deliver high-quality solutions.

Professional Experience

Frontend Web Developer 2025

CareGlow — Skincare
E-commerce Website

- Collaborated with the UI/UX team to translate Figma designs into functional, dynamic web pages using HTML, CSS, JavaScript, and React
- Developed a fully responsive skincare e-commerce website with modern, clean interfaces and seamless navigation.
- Ensured cross-browser compatibility and optimized site performance for improved user experience.
- Integrated product catalog, shopping cart, favorite cart, FAQs and contact forms.

UI/UX Designer

DriftWash — Hybrid Laundry Service 2025

- Led the UI/UX design for a hybrid laundry service platform, offering both self-service laundry service and professional dry cleaners.
- Conducted user research and created wireframes, high-fidelity prototypes, and user flow diagrams using Figma.
- Focused on enhancing usability, simplifying navigation, and improving customer engagement.

Projects

CareGlow - Skincare e-commerce website designed and built as a responsive, user-friendly website with product listing, cart features and contact integration

DriftWash - UI/UX design project for a modern self-service laundry platform with online booking and customer management features.
